Errata for
Information Theory: A Concise Introduction
by Stefan Hollos and J. Richard Hollos
Paper ISBN 978-1-887187-28-2
Ebook ISBN 978-1-887187-29-9
### Publication date: May 2015

Following errors are in all paper and all Kindle editions. Also all pdf editions bought before Sept 24, 2017.

- **pg 22**, In the **4th** line from the bottom, both occurrences of the symbol s_2 should be s_3.

- **pg 39**, In the **7th** line from the top, the word "take" should be "taken".

- **pg 71**, In the **2nd** line from the bottom, $[8, 12]$ should be $[8, 16]$.

- **pg 113**, The equation at the top of the page should read

$$e = \lim_{n \to \infty} \left(1 + \frac{1}{n} \right)^n$$

Following errors are in paper editions bought before July 27, 2015 and all Kindle editions, except for Figure 9, which is correct in the Kindle edition.

- **pg 12, 4th line from bottom (first question in Introduction)**
  Replace period at end of line by question mark.

- **pg 33, Figure 9 (second figure of Example 2 in Huffman Coding chapter)**
  Should be replaced with:

- **pg 123, 5th line from top (in Review of Discrete Probability chapter, paragraph that starts with "A simple example")**
  "loose" should be "lose".
